**Subject:** Comments concerning the quarantine and biosecurity review

Dear

I have sent the comments from AQSIQ(the Chinese Quarantine Authority) to you by fax(62725825).The main points are as follows,

AQSIQ appreciated the Australian side for being given the opportunity to comment the review, and thought both sides have kept good cooperation these years.

AQSIQ thought Australian is one of the several countries which have the most strict quarantine policies. The relative measures were too strict and unfavorably affected the bilateral goods trade seriously.

AQSIQ hopes both sides could further improve the communication and cooperation with each other in the future.

This above points are just interpreted by myself for your reference.

Best regards.
